

Carol Garrison is a certified interpretive guide and a Texas Master Naturalist and has been with John Bunker Sands Wetland Center since 2017. In addition to teaching a full education curriculum for public and private schools, she also oversees the homeschool program and presents a wide variety of programs and tours for visitors to the center. Prior to joining the center she has presented numerous education topics for Keep Garland Beautiful, the Preservation Society of Spring Creek Forest and North Texas Master Naturalist on topics ranging from recycling, water conservation and native and adaptive plants.
